Description

Portfolio table with blackened wood structure, almost entirely covered with a "Boule" marquetry of great quality and finesse. It is made up of Red Turtle scales and chiseled brass, forming Arabesques, Rinceaux and Volutes. Similar to a Console when it is closed, this piece of furniture consists of a top with a shutter, pivoting, revealing a Games area stretched with a current Red felt. The latter is bordered by a golden frieze on a black background and the eventful perimeter of this top is also adorned with a pretty "Boule" marquetry. This Ceremonial Table sees its four sides richly ornamented and lined with cut brass rods similar to those delimiting the top. The set rests on four generously curved legs, embellished with Bronzes: Busts of Naked Children in the upper
