Description

Charming oval mirror to stand or hang in the black forest type decorated with vine leaves and a bird in its nest. Period end of the XIXth or very beginning of the XXth. Good condition, but not perfect, old restorations which pass well in general view, but to look more closely there have been interventions at the level of the pediment, in particular on the bird and around the bird, it has been also reinforced on the back of the pediment by a laminated wooden board (see photos), the mirror has been replaced, some slight small gaps elsewhere in the decor (but nothing serious). Everything is solid and the restorations are correct overall. Total height: 66 cm. Total width: 52 cm. Mirror height: 34 cm. Mirror width: 25 cm. Weight: 1,990 Kilograms.
