Pair Of Large Brass Candlesticks Louis XIV Period

270 EUR

Period : 18th century

Condition : En l'état

Material : Bronze

Description

Pair of large Louis XIV period candlesticks, bell bronze (bronze) 27 X 12.5 cm. I have chosen to present them to you as they are, oxidized and with traces of verdigris, without polishing which will bring out the golden patina. One immediately notices the elegance of the model, balanced while being slender, the bobèches still present in the mouthpieces are cut according to a pattern responding to the staples of the base. Do not hesitate to ask us by email or telephone for additional information or photos. We have many objects and paintings to restore in our shop/capernaum/depot in Pau where I let myself be a little overwhelmed and for which we prefer to sell on site, preferably in batches. Come and help us tidy up by buying! Other photos and many other objects in our shops in Pau and
