Important Terrestrial Globe From RÄth

280 EUR

Signature : Prof. Dr Arthur Krause

Period : 20th century

Condition : Parfait état

Diameter : 33

Height : 45

Description

Important terrestrial globe in boiled cardboard and paper mounted on an engraved and graduated polished aluminum meridian. It rests on its original varnished beech wood base. Executed in Leipzig in East Germany in the 1960s on a scale of 1/38,600,000, it has retained all its freshness and colors to this day. It is in a rare state of perfection, close to new!
