

Pair Of Jacquemarts

8 500 EUR

Period : 16th century

Condition : Très bon état

Height : 50

Description

Rare pair of jacquemarts in copper and polychrome iron articulated the arm (left for one, right for the other) is activated to strike the bell, the heads move at the same time. The condition is exceptional given their time of the end of the 16th century, no lack, just the iron bases are modern. Few are still in action in European bell towers. The characters in armor from the antique have very beautiful helmeted faces with lion's muzzles on the front of the helmets
