Description

Superb and large basin forming a cache pot or planter in enamelled ceramic, flamed with inclusion of gold leaf. This is an out-of-the-ordinary model with grips of two adjoining lions and lions' muzzles on the turquoise rim. The use of underglaze gold leaf is very surprising and brings luminosity and refinement. The large dimensions make it a very decorative piece. No apparent signature, work to be compared to Massier or the great ceramic creators at the end of the 19th century. Broken and reattached handles, chips on the base... Late 19th century period. Delivery by carrier, 80 euros in France, 150 euros in the EU and 300 euros rest of the world.
