Description
-------------

Ancient terracotta relief created ca. 1900-1920 on the famous Austrian porcelain and ceramics factory of Carl Ernst David Wahlliss (1837 Sachsony -1900 Vienna), who had factories in Turn\_Teplitz and Vienna, probably by his sons Hans and Erich, who took over the paternal business in 1905 , the manufactory had trade in London, England and Vienna. This terracotta relief has a very interesting subject bearing witness to this era and humorously showing a family of monkeys from Morocco at the cafe and reading the advertisement about emigration to America by sea from Spain.
