

Renaissance : "small Bronze Base Character"

350 EUR

Period : Before 16th century

Condition : Bon état

Material : Bronze

Description

Renaissance: "Small character on a base", bronze 5.7 cm high, 7.7 cm with the base, probably part of a chandelier, Italy or the Netherlands, mounted on a later black marble base from the early 19th century with égrenures . A mysterious object, the stylization of the openwork sleeves is reinforced by fine carving. An assembly hole on the back is closed with a turned wooden button.
