### Description

Pyramidal shelf consisting of a chromed metal frame and three solid mahogany shelves forming a gradient. This rare model has a structure in the upper part consisting of four knobs reminiscent of the sleeves of a boat's wheel. Visible on all sides, this atypical piece of furniture rests on chromed metal legs. In the lower part, two brass bars maintain the spacing and emphasize the geometric shapes of this shelf. Perfect alliance between wood and metal, this unique piece of furniture with a marine spirit will highlight your precious objects thanks to the lightness of its lines.
