

Chinese Cloisonne Vase

1 000 EUR

Period : 19th century

Condition : Bon état

Material : Bronze

Diameter : 35

Height : 45,5

Description

Beautiful Chinese cloisonné vase, The technique of cloisonné enamelling consists of defining the outline of the motifs using a thin metal strip welded to the field of the metal. The cells thus obtained are filled with enamel. Everything is then baked and sanded. Here, the patterns and shape are typically Chinese.
