Description

Large Louis XV style wardrobe in solid cherry wood. Very beautiful sculpture on the whole cabinet with claw feet on a ball and a large low crosspiece with carved shell and flowers. Molded and fretted doors with two large Louis XV-shaped panels. The high carved crosspieces. The doors are maintained with large ironwork and it closes with a very beautiful lock. The interior has been installed as a wardrobe and a shelf. Good original condition, the cornice has received two restorations. The back boards were formerly visited by xylophagous insects but are no longer there and the furniture has been treated (there is still some wood dust but no worries about the solidity of the structure). The delivery will be made with the piece of furniture dismantled on a pallet, 300 euros in France, 1000 euros in the EU
