Virgin And Child In Oak, 18th Century

950 EUR

Period : 18th century

Condition : Bon état

Material : Oak

Height : 68 cm

Description

Superb and large Virgin and Child in oak from the 18th century. She is presented on a molded base, standing straight, the Virgin carries the child Jesus on her left arm. The work of the drape and the fineness of the sculpture in the face shows a high quality workmanship and the patina of the oak is superb. Accidents to the hands and feet of the child.
