inactive, the current cartridges cannot be used by this weapon which does not work. The law of March 6, 2012 classifies weapons into 4 categories and regulates their modes of acquisition and possession. Classification is therefore essential. Decree No. 2013-700 of July 30, 2013 specifies the list of weapons specific to each category. The weapon presented is in category D2 free possession, it can therefore be purchased without any restriction, since it is inactive.
