Oil On Canvas, Couple In Front Of A Building Under Construction, Dated 1913

4 600 EUR

Period : 20th century

Condition : Bon état

Material : Oil painting

Width : 62

Height : 71

Description

Oil on canvas with a trace of signature dated 1913.

Very interesting canvas where one perceives a great technical mastery of shadows and lights and framing inspired by photography.
The couple in the foreground is in the shadows, revealing behind in the bright rays of the sun, a city in full effervescence and buildings under construction.
