Length : 5,10 cm avec l'anneau ; 6 cm avec la bélière

Width : 3,40 cm

Depth : 1,10 cm

Description

Oval photo-holder medallion in onyx, embellished in its center with a six-pointed star in 750 thousandths gold and fine half-pearls. On the reverse, a small window set with gold can be removed thanks to two slightly flattened parts to allow a photo or a lock of hair to be inserted. The 750 thousandths gold bail is enamelled in black. Napoleon III period. Hallmark: Owl 750 thousandths, 18 carats. Total weight: 31.55 g. Small accident on the edge receiving the glass. In this type of medallion, one wore a lock of hair or the photo of the loved one.
