Each gold earring is a domed half-ring topped with a radiating pattern. The hanging system is clip. Period: 20th century Main material: 750 thousandths yellow gold, 18 carats, eagle's head hallmark. Proportions: Height: about 2.5 cm, width at the widest point: about 17 mm. Net weight: about 17g. Authentic old piece of jewelry - French work from the 1960s. Our opinion: Original gold ear clips from their time. Note that each earring has a stem that has been folded down and could be straightened to transform the earrings for pierced ears.
