

Art Deco Crystal Glass Service

2 200 EUR

Period : 20th century

Condition : Très bon état

Material : Crystal

Description

Art Deco period crystal glass service of 50 pieces.
The set consists of 4 decanters (2 small and 2 large), 11 champagne glasses, 12 water glasses, 9 red wine glasses, 9 white wine glasses and 5 liquor glasses.

The glasses are presented on a round base, then a long foot to finish on the part to be used with decorations of geometric patterns engraved in the crystal.

The set is in very good condition, there is a micro chip on a liqueur glass, and on the stopper of a carafe (it is on the part that fits into the carafe and therefore remains very little visible).

The glasses are very transparent and do not present any opacity. We note for the decanters some slight traces of opacity in the bottom.

No signature to report, but the quality of the crystal and the carving suggests a large crystal house that does not affix a stamp to the time of manufacture of this service.
