### Description

Charming pastel representing a sailboat sailing in the background of a landscape of ruins, 20th century. This pastel with bright and summer colors is in good condition, a small halo (oxidation or humidity) is to be noted at the top of the landscape (visible on photos). This pastel is framed under glass, the frame is cream-colored and has small wear without impact, it is embellished with a formerly gold leaf strip. Shipping costs for metropolitan France 25 euros, other destinations contact us. Dimension pastel alone, at sight: 28cm x 27cm
