Description

North vase signed by Martin Szekely created in 1989 tapered body lightened by 3 arcuate beaches. The base is domed signature incised in the glass. This is the number 23/100. The piece is purchased directly from Val Saint Lambert. The crystal is smoked. I found the former worker who cut the 3 facets. He stopped working in 2002. He was moved to see his work again. It's a chance to find one of the master glassmakers of that time. Val Saint Lambert certificate, certificate from the former glassmaker who participated in the production. Mr. Craco certificate collector and expert for the Val Saint Lambert.
