Description

We are delighted to present this stunning antique bracket clock, a fine example of luxurious 18th-century European design that combines meticulous craftsmanship with timeless elegance.

This exceptional timepiece is more than just a functional instrument; it is a statement of sophistication and history, perfect for elevating any curated collection or grand interior. Exquisite

Design Details and Materials:

The clock's case is a testament to the refined aesthetics of the period, crafted from rich ebony wood. This dark, lustrous material provides a dramatic contrast to the sumptuous gilded bronze mounts that adorn its surface. The design showcases refined architectural elements, including fluted columns on either side of the dial and a grand domed pediment crowned with an

elaborate finial. The base of the clock is elegantly supported by gilded bun feet, adding to its stately presence. The clock features an intricately detailed brass dial with prominent Roman numerals in striking enamel. The ornate engraved centerpiece of the dial further enhances its decorative appeal, reflecting the high artistic standards of

18th-century horology. **Exceptional Functionality and Condition:**

Beyond its remarkable aesthetics, this clock is perfectly functional. It houses an eight-day movement that strikes the hour and the half hour on its bell, providing reliable and charming timekeeping. The clock is in excellent and perfect working condition. Furthermore, it has been recently cleaned and serviced by a professional watchmaker specializing in museum maintenance, ensuring its optimal performance and longevity. The clock is delivered complete with its pendulum, key, and bell. **Versatile**

Display:

Whether displayed on a mantel, console table, or as part of a curated collection, this clock adds an aura of grandeur to any setting. Its imposing yet elegant presence makes it an ideal focal point for a distinguished room. **Key Selling Points &**
