Description

If he was one of the best painters of the estuary, he is also appreciated for his still lifes of which he gives us a fine example here with this watercolor on pencil lines which magnificently interprets this set with a teapot. This is a composition full of freshness by this great Norman painter (although born in Pas-de-Calais). A rich palette of colors in the chromatic range of blues, grays, ochres, a perfectly mastered touch. It is presented under a two-tone double mat, in a molded gilt wood stick of very good quality which highlights it perfectly. Dimensions: 22.5 cm x 30 cm at sight + frame Very good condition. Our painter is listed in BENEZIT, Dictionary of painters, sculptors, designers and engravers. I won't present the artist whose biography you can consult on many sites including Wikipedia. Many
