Description

These three very beautiful plates, on a heel, were intended for presentation. All three present in the center a deeply engraved rose window, the wings, when to them are decorated for one of a rich frieze of various flowers and for the two others of a frieze of garlands, oves, acorns and draped. The work is done with care and great finesse. If their style evokes Louis XVI, they date from the second half of the 19th century. Size 23.5cm.
