Description

Hello, we offer you this rare and very pretty corner armchair in carved solid walnut. Dating from the second half of the 19th century, around 1860 -1880, in the Neo Renaissance style, richly carved with a putti's head and devil's heads. there is only one touch-up to do on the underside of the slab, otherwise it is in very good general condition. There is a presence of label certainly from the factory! The backrest is circular in shape, and noted that it is sculpted the same way on both sides, which means that it does not necessarily have to be placed in a corner of the wall! This pretty armchair is visible in our shop in Rouen, at 57 rue Victor Hugo, 76000 Delivery possible (ask for a transport quote) Best regards
