

Screen Printing Board

450 EUR

Period : 20th century

Condition : Très bon état

Length : 1500 mm

Width : 1180 mm

Description

This screen-printing board is a manufacturing tool that fulfilled an industrial function in the 1920s. This singular object, made of a blue stretched canvas and a solid iron frame, continues its decorative journey by inviting itself on the walls like a painting in its own right. It must be said, it is an atypical piece.
