Bamboo Snuffbox, Madagascar

140 EUR

Period : 20th century
Condition : Bon état
Material : Bamboo
Length : 10 cm
Diameter : 2 cm

Description

Small Malagasy snuff box made from an engraved bamboo tube. Two small calabash plugs at the ends. An old label indicates the function of the object; used by the people of Merina to transport the powdered tobacco they chew.
Good general condition, a tiny lack on the edge of one of the caps. Rare and charming.
