Description

Superb portrait of a 16th century dlg gentleman
Miniature probably painted at the beginning of
the 19th century

Great finesse of execution and much more
beautiful in reality the photos do not give the real
rendering.

The frame is in horn from the later period with a
few small defects

The Marie Louise is handmade and a
re-installation of the miniature in its frame can be
considered because it is not very well done.

The miniature seems very slightly warped but
there are no accidents or restorations.

Frame 15.5cm x 14cm

Miniature at sight: 8cm x 7cm
