Description

A boat at sea... Large plate of Paesine or stone of dreams from the Gallery of Claude Boullé in Paris. A mineralist with a passion for these stones, he would go in search of them in Italy and then continue the work by himself of cutting and polishing. This very beautiful paesine (aptly named: stone of dreams...) is large: 35 cm x 12.5 cm as well as of good thickness: about 1.3 cm I let you watch it so that it takes you on a trip ... Regarding the black line in the center, it is not a break, but a natural vein.
