

Mask - Himalayas, Nepal

1 100 EUR

Period : 19th century

Condition : Très bon état

Length : 22,2 cm

Width : 19,5 cm

Description

A dance mask representing the face of a man. The sculpture is all in angles: this mask has a modern aspect. The face is rectangular, as are the main facial features: the mouth, eyes, nose and ears. The interior is deeply carved. We can note the old and beautiful patina of use in brown and shiny shades, small visible trace of accident as well as marks of internal wear.
