Description

Louis Rambaud (19th-20th century): "Valley in the Alps", watercolor 57.5 X 38 cm, unframed. Like his namesake Bernard, Louis, perhaps his brother, often dealt with the subject of Alpine Hunters in action, but he was also a talented landscape painter, as this watercolor proves. She shows us a valley where a torrent flows, wedged between high blue and brown mountains. Subtly treated, with small melted touches, an invitation to stroll... Close to the landscapes of Lessieux. Do not hesitate to ask us for photos or additional information by email or telephone. Other photos and many other objects in our shops in Pau and Biarritz and on our website: galerielhoste.com.
