### Description

Monumental Chandelier 1970 designed in collaboration by the famous Italian designers and architects Franco Albini, Franca Helg and Antonio Piva. Beautiful luminaire as part of the series of AM/AS lamps created for the Italian company Sirrah in 1969. Structure in chromed steel with three arms of light receiving three large basins in white opaline. Note an interesting technical characteristic allowing the opalines to be very easily swapped either up or down like a billiard suspension (see the different photos). Very good general and electrical condition. Dimensions: 1 m 05 high (in chandelier) or 1 m 20 high (in suspension) X 95 cm wide.
