Old Circular Copper Dinanderie Rosin Box With Applied Musical Instrument Decoration

290 EUR

Period : 19th century

Condition : Très bon état

Diameter : 6,5 cm

Height : 4 cm

Description

Beautiful small circular box in brassware with the attributes of music, the lid with a softened edge in the shape of a medallion, it is adorned with an applied decoration in bronze or gilded brass of four musical instruments in relief; it is surrounded by a striated lip forming a bead of grip.

The object, very beautiful, has a beautiful patina, its interior is dressed in coral-colored leather.

It is most certainly a rosin box or other material related to musical instruments.

I would like to point out that the instruments are very faithfully made, the minute details are very fine; the photos do not really reflect the quality, one can have the impression that the work is a bit "rough" when it is not.
