Condition : Bon état de conservation, tableau rentoilé
probablement à la fin du xixe siècle

Material : Oil painting

Width : 56 cm

Height : 71 cm

Description

Very beautiful portrait of a gentleman seen from three quarters, his right hand under his jacket, and his left arm clutching his hat against his coat. All in sobriety, this fine quality portrait welcomes us with a sketched smile and sparkling eyes. The touch of white in the iris gives life to this character who follows us with his gaze. With a real presence, it will find its place in an interior with contemporary accents.
