Pyrogen With Two Roosters In Bronze.

120 EUR

Period : 20th century

Condition : Très bon état

Material : Bronze

Width : 7,5

Height : 8,4

Description

Small bronze pyrogen representing a sheaf of wheat at the foot of which two cases are ready to confront each other. Old proof on which the two roosters were cast separately from the terrace and mounted on it. It and the sheaf of wheat have a golden patina while the roosters have a brown patina. Mounted on a blackened wooden base.
