Description

Late 18th century neo-classical French school:
"Animated landscape", pen and Indian ink and
bistre wash on 13 cm diameter paper, mounted in
a blackened wooden frame with brass
marie-louise 21 X 21 cm, broken and glued.
Characteristic of this neo-classical current which
includes artists like Valenciennes, Bertin or
Michallon, but which already heralds the
Romantics, this charming very advanced drawing
shows us a young mother holding her child in her
arms resting on the edge of a river in front of a
landscape dominated by a castle, the tondo shape
accentuating the depth of the perspective. Do not
hesitate to ask us for photos or additional
information by email or telephone. Other photos
