Description

Pair of oratory ornaments in glass or crystal decorated in the center with cristallo-ceramic* representing the Virgin and Child for one and Christ carrying his cross for the other, in architectural decorations surmounted by a cross, from the 19th century. These ornaments are in good condition and are of fine quality. A note: some dirt, scratches and wear of time, see photos.

*

Crystal ceramics is a glass decoration technique that was created towards the end of the 18th century. It consists in including in a crystal object a ceramic cameo which has been molded beforehand and then finely chiseled by hand. (Cf ProAntic) Height: 19.5 cm Width: base 7.2 cm Reference: C10 520 All the photos are on: www.antiques-delaval.com
