

Ziegler Afghan Chobi Rug

Description

Handmade Ziegler Afghan Chobi rug in wool

A 19th century design rug, beautifully made using a fine weave and delicate pattern. This is a Ziegler called Chobi rug, of a rare and timeless style. The super low cut hair gives you different shades depending on the angle. In order to give the Ziegler rug an original, worn look, the rug is sun-bleached and finished with sandstone. Not only the used look, but also the design with wide edges, soft colors and centered patterns were adopted. Thanks to its antique look, the Ziegler rug exudes a warm and lively atmosphere. The cream field furnished with light scrolls of flowers is framed by a red border with floral frieze and edging, its majestic color palette blends into any environment.
