Description

The fringe-moulinée consists of a fringe with small twisted "cordelière" threads that hang vertically. The molded fringe is sewn and allows in particular to hide the seams and connections and, sometimes, allows to hide the feet of the seats. A fringe. The fringe that I propose here has been removed from the seat at the beginning of the 20th century and has some discoloration and some wear. The lot consists of 4 cuts of different lengths and, more precisely, in centimeters: 49,134,137,189 A larger lot, around 41 meters, but with shorter fringes (see last photo) is also available
