Description

Superb and elegant painting from the French school at the beginning of the 19th century representing a young man in a suit. He is presented in three quarters, wearing a jacket and a lace jabot around his neck. The young man sports a smiling face, with fine features and wavy, graying hair. Great finesse in the quality of the paint, which is very realistic and precise, the colors have remained bright and luminous. The set is presented in a wooden frame and period gilded stuck;
