XIXth Painting Sunset On A Mountain Lake

880 EUR

Period : 19th century

Condition : Bon état

Material : Oil painting on cardboard

Width : cadre 69,5cm vue 45,5cm

Height : cadre 52cm vue 28cm

Description

Superb oil painting on cardboard from the 19th century representing a mountain landscape. We see in the foreground the expanse of water with a few boats in the background and on the right like a village in the mist. The mountains in the background have snow-capped peaks and between 2 the rising sun illuminates the lake with a red tone. Quality painting, relaxing with a superb light, presented in a wooden frame and period gilded stuck.
