1927, with direct inspiration from the treasures of Tutankhamun's tomb discovered in 1922 -- is one of the most celebrated Art Déco creations of Georg Jensen. The characteristic stepped profile and absolute geometric restraint have earned the series a permanent place in museum collections worldwide. Pieces from the collection are held at the Designmuseum Danmark in Copenhagen, MoMA in New York and Koldinghus in Denmark.Further pieces from the Pyramid service are available in our gallery.
