sought-after by informed collectors: it corresponds to the artistic and artisanal apogée of the Silberschmiede in the inter-war years, before the production constraints imposed by the conflict. The large format of this model #857 is significantly rarer than the standard variant.Jørgen Jensen (1895-1966), son of founder Georg Jensen, worked as a designer for the family Silberschmiede from the 1930s. His style -- geometric, functionalist, of absolute restraint -- is characteristic of the house's late Art Déco production. He is notably the author of the Skyscraper condiment set (#793, 1936), one of the most radically modernist creations in the history of Georg Jensen. Works by the Georg Jensen Silberschmiede are held in the collections of the Designmuseum Danmark in Copenhagen, MoMA in New York and the Metropolitan Museum of Art in New York.Dimensions: 23.3 × 14 cm · height 4.5 cmMaterial: sterling silver 925 · heavy qualityHallmark: square Georg Jensen mark 1933-1944Model: #857 · large format XL variantDesign: Jørgen Jensen, circa 1938Production: Georg Jensen Silberschmiede, Copenhagen, 1933-1944Condition: vintage · previously owned · very good well-maintained condition · heavy quality · pre-warSeen in museums -- available to you.Available for viewing by appointment at our Düsseldorf gallery.Keywords integrated: Georg Jensen, large lidded box XL #857, Jørgen Jensen 1938, sterling silver 925, Danish Art Déco pre-war, hallmark 1933-44, Designmuseum Danmark, MoMA New York, Metropolitan Museum
