Description

Beautiful and rare travel system cane. It unscrews in the middle of the barrel, allowing it to be folded in half and slipped into the travel bag. The pommel is in silver hallmarked eagle's head. Goldsmith hallmark an R and a D as well as a wader. The tip of the cane is made of horn. Some chips at the level of the barrel, the small spring is slightly relaxed and a small crack on the barrel under the system. All this is visible in the photos. Dimensions of the cane closed: 48 cm Open: 88 cm
