Description

White earthenware dish decorated with a hunting scene. The theme is "the fault", ie the moment when the dogs "fall into fault" because they have lost track of the pursued animal.

Representation of a huntsman on horseback, carrying his hunting horn on his shoulder in a landscape of undergrowth.

He is surrounded by his pack of dogs who all seem a bit lost.

The set evokes well the atmosphere of a moment in the middle of a hunt.

The decor is handmade, as shown on the back of this dish.

This item should appeal to any hunting enthusiast...
