decorations For carpets as for Islamic art "The artist saw flowers in nature and did not represent them as they were. what are, it is God who created them so the artist stylized them because only God has perfection".

And this is almost valid for each representation, floral or animal.

The artist must therefore work in the abstract.

(Tabriz (Azeri: Təbriz/ تهریز, formerly Tauris), is the capital of the province of East Azerbaijan, in the northwest of Iran (Iranian Azerbaijan).

It lies on the course of the Talkheh River (also called Aji-Chai), near Lake Urmia, close to the borders of the Republic of Azerbaijan and Armenia.) Tabriz is the gateway to Persia from north to west, Tabriz rugs have an extreme importance in the quality of Persian rugs.

The Tabriz are among the most popular carpets in the world, their work is always very fine and durable over time.

This rug has been professionally and environmentally cleaned.
