### Description

Oil on cardboard Dim with frame 36/32 Dim without frame 23/19 Italian School Signed lower right Moretti Moretti born June 21, 1884 in Venice. He exhibited regularly in Paris, at the salon of French artists from 1911, independents, the National Company of Baux Arts. Often working in Paris, we owe him Parisian scenes. However, he is especially appreciated for his views of Venice. Our painting presents an undeniable pictorial quality, a lot of dexterity in the touch, a virtuoso of the brush. Indeed the characters stand out with finesse in the paste of the paint. The rendering of the moonlight is very successful, against the light, we feel that it was made from a jet without any restraint, always the best results.
